

COSTA FIRENZE.

FROM JULY 2021

Relive the **ITALIAN RENAISSANCE** at sea.

The ship Costa Firenze celebrates the **Renaissance** and the typical Italian taste for beauty, of which the Tuscan city Florence is the highest expression.

You'll be delighted to enjoy an authentic aesthetic experience on board with references to Florentine art and style all day long. Whether in the spacious and welcoming common areas, while exploring the **boutiques, restaurants and bars** or while getting some exercise with a jog **outside**. Eventually, let spoil yourself with a regenerating massage in the **wellness area** and relax in your **cabin**, an exclusive corner inspired by the city of Florence.

Are you ready to be reborn at sea, too?

We look forward to hosting you on board to offer unforgettable experiences from the moment you awake until you settle in at night, with a vacation marked by Italian beauty and **sustainability**.

In fact, Costa Firenze has obtained the **Green Star 3** certification from Rina in recognition of its excellent environmental performance.

Your cabin: a soft, **WARM HUG.**

Upon reaching your cabin you immediately feel the embrace of a **warm and elegant space**, ideal for rest and relaxation.

The private spaces of Costa Firenze are characterized by a dynamic and enchanting style. The colors recall those of the Renaissance in Florence, and the **refined materials** of the furnishings reflect the typical **Italian** passion for beauty and detail down to the most minute aspects.

Rational division of space, livability and elegance: from the simplest cabins up to the suites, they are all an invitation to the utmost comfort, to make you fully appreciate the taste of your cruise.

Every day the beauty of being **IN THE HEART OF FLORENCE.**

What's more beautiful than walking through the streets and squares of Florence, in the sunlight and under the stars, at sunrise and sunset? Doing so while **overlooking the sea!** In fact, all the common areas of Costa Firenze offer the unique experience of a **traveling city of art**, with stairways and large spaces where you can stop for a coffee at the bar, chatting with new and old friends.

You'll feel as you were in Florence at the **restaurant** too, with so many different menu proposals and locations, just like those you'd find in a big city. But also in the **pool**, at the **theater**, in the **casino**, or the **wellness area**, wherever your vacation desires take you on board.

Cheers and Buon Appetito

THE TASTE OF EVERY MOMENT.

You can choose from **13 restaurants** with different styles and gastronomic proposals on board. At **Fiorentina Steak House**, good meat is king. The refined **Palazzo Vecchio** and **Ristorante dei Medici** restaurants offer high-class cuisine. At **Teppanyaki**, you can also enjoy the acrobatic show of the chefs in action. Would you like to eat outside? Try **Sushino at Costa** and **Hot Pot** for an exotic dish, the **Lanai BBQ** and the same Steak House if you prefer grilled meat. In addition, every evening the menu includes a delicious and always different **Destination Dish**, created exclusively for Costa by **Bruno Barbieri**, a successful 7-star chef.

How can you resist a toast to the beauty of Costa Firenze? The typical Italian ritual of an **aperitif** assumes a different meaning, in addition to the pleasure of a good glass of wine, with a choice of **eight bars** for your cocktail or a tasty homemade gelato: **Lounge della Moda**, **Aperol Spritz Bar**, **Lounge Viareggio**, **Bella Bar**, **Tuscany Lounge**, **Versilia Pool Bar**, **Bar del Conte** and **Gelateria Amarillo**.

A thousand different flavors **FOR EVERY GOURMAND.**

With the largest offering of **thematic restaurants** in the fleet, Costa Firenze is a continuous discovery and an irresistible invitation to try dishes of different culinary traditions. A journey into taste, from Italy to Asia, for a holiday full of unique flavors.

At **Dim Sum** you can taste the best of China, between noodles and dumplings, with a menu offering meat, fish or vegetarian dishes.

Fiorentina Steak House welcomes you with the best Italian meats such as the Fiorentina, or T-bone steak, and Piedmontese Fassona steak, but also Irish Black Angus and organic chicken.

The Fiorentina Steak House

Teppanyaki

The **T Teppanyaki Restaurant** satisfies and entertains you with fish, meat and vegetable dishes freshly prepared right before your eyes by chefs performing spectacular acrobatic tricks while cooking.

At **Hot Pot**, you become the chef for the evening. You can cook meat, fish or vegetables yourself and enjoy them with a typical Chinese broth: will you compliment the chef?

The **Sushino at Costa Restaurant** is entirely dedicated to Japanese fish, with nigiri, maki and sashimi. And don't miss the Mochi, a typical Japanese dessert.

The **Lanai BBQ** offers the unique experience of an authentic open-air barbecue by the sea.

Pleasures and well-being **ALL TAILORED FOR YOU.**

As a couple, or in the company of friends, and why not, even alone: the company changes, but the **fun**, **well-being** and **pleasure** of being there remain. Costa Firenze offers all this any time of day, with so many exciting experiences. Here is a presentation of only a few, but there are so many more in store for you.

Three outdoor spaces where you can peacefully enjoy the sun and the sea: the **Fashion Lounge Bar** to make new friends, the **Aperol Spritz Bar** for an aperitif at sunset on a lounge chair, and the **Versilia Sunshine Deck** to gently linger poolside with a drink.

A **casino** with its own bar, 81 slot machines and 14 gaming tables, because luck is blind and comes when it likes: are you ready?!

An **art gallery** with works by contemporary, pop and surrealist artists, which you can also purchase to decorate your home.

The **private Sole Mio Spa** overlooking the sea, with a sauna, jacuzzi, relaxation area and treatment rooms, to indulge and regenerate like never before. By the way, have you ever tried a quartz bed massage, a rosemary massage or a limoncello scrub?

Then there's **Frescobaldi wine experience**, created for the wine-lover in you, with tastings of great wines such as **Pomino Benefizio** or **Brunello di Montalcino**, accompanied by our menu, all while you enjoying a virtual tour of the estate of the famous Tuscan family-cellars.

The largest **outdoor restaurant** in the fleet, to add the view and the scent of the sea to your dishes.

Boundless fun **YOU'RE ON BOARD.**

All Costa Firenze guests find their own natural habitat, on a vacation full of opportunities for fun and continuous surprises **without any age limits**. There are engaging and exciting experiences for everyone, from the youngest to the oldest, from morning to night. And if you'd like some suggestions for your children, ask the counselors on board.

With its three water slides at different heights, the **Water Park** is perfect for some fun: forgetting your swimsuit is not an option!.

Are you competitive? Test yourself with **Minigolf** and **5-a-side soccer** for some entertaining challenges with family, friends and guests of different nationalities. The loser offers a drink!

Any older kids who come on board with a frown will see it turned right upside down! The **two areas** entirely

MiniGolf and Rope Garden Adventure Park

dedicated to teenagers will immediately change their minds! One is indoors, with a **video arcade** with 11 games and a **Playstation** area, and the other is outdoors with ping pong, foot billiards and the legendary Twister.

The **Squok Club** is instead for the little ones: children can have fun here with the lights and sounds of **NEOS digital games** and also let off steam in the open space, under the attentive watch of the counselors.

The **Rope Garden Adventure Park** is for the brave and agile. Be careful from such heights, suspended over the sea between Tibetan bridges, platforms and cableways (in complete safety of course).

10 THINGS TO KNOW. FOR A TOTALLY SAFE CRUISE

THE COSTA SAFETY PROTOCOL, FOR YOU.

To ensure that you experience an unforgettable vacation in complete serenity, our health and safety team and an independent panel of scientific experts have developed the Costa Safety Protocol: a protocol to protect your health that incorporates new operational procedures adapted to the demands of responding to the COVID-19 situation, in compliance with national and international health standards. We are the first cruise company to have obtained the Biosafety Trust Certification from RINA and we are carefully following the safety guidelines set down by the Cruise Lines International Association (CLIA).

1 EXTRA ATTENTION FOR EVERY SINGLE PASSENGER

- Check-in is carried out completely online and opens 72 hours before your departure. To receive your cruise ticket, you must fill in a self-certification questionnaire regarding your health status.
- The boarding times are staggered to facilitate compliance with the correct social distancing rules and to ensure safe boarding. This is why punctuality is so important.
- At the boarding terminal you can expect a quick health screening in order to check body temperature, and a Covid diagnostic test (swab), for everyone intending to board.

2 A SMART VACATION

- The best way to ensure your on board safety is to book in advance. Visit www.mycosta.com before leaving: save time so you won't have to check-in at the desks!
- Your smartphone is a fundamental travel companion! Thanks to Costa App and the QR codes you can now enjoy a wonderful holiday with complete digital security. And it also means less paper to throw away!
- There are other ways you can stay informed about what's new on board: You'll find digital screens and interactive monitors in public areas, a dedicated Info TV channel in the cabin and the new Call Me service, plus a convenient personalized assistance via the cabin phone.

3 MORE SPACE FOR YOU

- The number of passengers onboard has been reduced to make social distancing easier and guarantee a safe and pleasant cruise.
- The common areas and relaxation rooms have been remodeled so that they fully meet the safety standards you deserve: this means they are accessible to only a limited number of people at a time.
- The signposting in all high-traffic areas of the ship and the on-board staff will help you to get around easily and to maintain the correct safety distances.

4 ENJOY THE WHOLE SHIP IN SAFETY

- Just as on land, when in public areas while on board, protective masks must be worn. By doing this, you protect your own health and that of your fellow travelers!
- To help you keep your hands clean and sanitized at all times, in all the main areas of the ship you will find numerous sanitizing gel dispensers.
- The crew too have the necessary protective equipment to be able to do their job to the highest health standards.

5 BREAKFAST IS SERVED

- Our restaurants are set up to welcome you in the best way while respecting social distancing. To ensure the safety of all our guests, we ask you to only sit at the table with the travel companion(s) included in your booking.
- Also, to order breakfast and lunch you can access the main restaurants entirely at your leisure, whenever you want, with a wider time slot than usual.
- Scan the QR code that you will find at the tables, in the restaurants and bars, to check the daily food and drink menus directly on your smartphone. If you decide to order at the counter, follow the safety signs.

6 NON-STOP FUN

- Enjoy the new forms of entertainment we have designed, with shows repeated several times during the week, and allow everyone to have fun at the same time, while still respecting social distancing rules.
- Keep fit in the fitness room, have fun at the casino or relax at the SPA or in the swimming pool following the instructions given in the safety signs and observing the occupancy limits as indicated at the entrances.
- Even children are guaranteed to have fun in complete safety: The Squok Club is sanitized several times a day and open at specific times, accessible to a limited number of persons.

7 EXCLUSIVE TOURS

- To protect your health and that of other guests and the crew, going ashore will only be possible by purchasing one of our safe excursions.
- Costa excursions are totally safe: we have set out new procedures to ensure social distancing, thanks to limited group size and the use of disposable headphones to make for a better experience.
- Our buses are sanitized after every use. Social distancing is guaranteed by reducing occupancy. In addition, our tour guides always wear protective masks.

8 PURE AIR AND SANITIZED ENVIRONMENTS

- The public areas are sanitized several times a day with new disinfection methods including virus-killing nebulizers.
- Your cabin is also subject to a virus-killing disinfection carried out by qualified personnel and is cleaned and sanitized on a daily basis.
- On board ship, the air you breathe is of high quality thanks to the new high efficiency filters. Our on-board ventilation systems offer optimal filtering of fresh air from outside, minimizing the circulation of internal air.

9 COUNT ON US FOR ANY CONCERNS

- All members of our crew have completed specific training courses relating to compliance with safety protocols and practices.
- If any guests show signs of health problems, our crew members are trained to respond immediately with set intervention procedures.
- All crew members are subject to daily body temperature checks and their state of health is monitored constantly.

10 CONSTANTLY UPDATED EXPERT PROFESSIONALS

All Costa ships are equipped with a fully equipped medical center, consisting of professional doctors and qualified and experienced healthcare personnel, continuously updated as to health protocols and standards to combat the spread of COVID-19.

THE HEALTH OF OUR GUESTS AND CREW IS OUR TOP PRIORITY.
