## A New Jewel Discovered

I will never forget February 28, 2018 – for almost 10 years, we scouted to find a new unspoiled paradise in the Caribbean to share with you. On this day, we officially signed our newest resort, Club Med Michès Playa Esmeralda. With this project, we are excited to bring you the hottest new and natural preserved destination you've never heard of before: Michès in the Dominican Republic.

Michès has been a favorite of the locals for many years despite hours of transportation. We decided to explore this area for ourselves to see what makes it so special. What we found was remarkable: unparalleled beaches, whales swimming off the coast of Samaná Bay, the famous peak and swing of Montaña Redonda, the cascading waters of El Limón, and we even went out diving and found our own lobsters for lunch. We spoke to the local fishermen, we explored the coral reef nearby, and we came back again and again.

When we found out that a new highway would make this hidden location only a short, one-hour drive away from Punta Cana airport, our team got to work immediately.

Our hard work paid off: Club Med Michès Playa Esmeralda will be the crown jewel of our Exclusive Collection when we open in December. This luxury resort featuring four boutique villages that we've been working on for years will transport you out of this world.

See you there!

*Note: Don't believe me? Type "Miches" in your favorite search engine and enjoy!*

## FOODIE'S DELIGHT

Cooking is a serious art at Club Med. Our internationally trained chefs take care of breakfast, lunch, dinner and all-day snacking for you. Taste delicious Mexican specialties in Taco Arte, with a breathtaking ocean view. The hardest decision you'll ever make is to choose either the spicy stuffed crab or pizza bianca with ricotta cheese. Here's a tip: take both!

## HASSLE-FREE VACATIONS

We've been providing hassle-free vacations since 1950, and we know that handling the small details before a big trip is anything but relaxing. So, let us take care of it – even your airfare and transfers – it's all included.

# all inclusive

With Club Med's all-inclusive packages, land and water sports, all-day dining options, and fun-filled kids' clubs, zero-stress starts from the first moment of your vacation. Leave it all to us!

## A CLUB MED WEDDING

### *Celebrate your love in a dream destination*

All-inclusive convenience, easy-to-choose packages, customizable options, expert planning, flawless event coordination, and of course a romantic, awe-inspiring venue where your family and friends can celebrate in style.

"The happy moments that we share with our guests cannot be experienced at the expense of the natural environment and those who welcome us to their shores."

Club Med has, from the outset, been committed to the practice of responsible tourism, a practice that is rooted in some of our deepest convictions...

**Preserve our dream resorts while blending in with the surrounding landscape.** All of our new construction projects have been eco-certified. As of 2018, 80% of our resorts have been Green Globe-certified, including natural swimming pools that are purified by plants in Da Balaia, Cefalù and Guilin and 64,600 ft<sup>2</sup> of solar panels installed at our Finolhu Resort in the Maldives. In addition, we support the "Bye Bye Plastic" initiative, which aims to eliminate disposable plastic waste.

**Actively contribute to the development of the local community.** Working in partnership with Agric Sud, we assist hundreds of local producers in adopting agro-ecological techniques in order to bring fresh, healthy and nutritious produce to our tables in Senegal, Morocco, Brazil, Indonesia and more...

**Respect the host country and create bonds with our hosts.** In 2018, we launched Amitiés sans Frontières: our little Mini-Club G.Ms® meet with children from local communities to play and to share. The Planetary Tea Party takes place in many resorts, like Punta Cana, allowing nearly 3,000 children from nearby associations and schools to enjoy moments of fun and dreams.

For detailed information on snow sports, including ski slopes, domains, altitudes and more, see pages 90-91.

### SKI FROM THE DOOR (SKI-IN, SKI-OUT)

Many Club Med resorts provide direct access to the slopes, allowing you to enjoy a unique skiing experience that is very convenient and maximizes the amount of time you spend on the slopes. These resorts are either situated right beside the slopes or just a short walk away (500 feet at most).

### HIGH-STANDARD SKIING

Most Club Med resorts offer perfect skiing conditions for advanced-level skiers. They are based in ski resorts that regularly have good-quality snow, significant altitude differences, many miles of slopes and a wide variety of courses and landscapes.

# LAND SPORTS

## CLUBS FOR TEENS AND TWEENS FROM 11 TO 17 YEARS

Club Med Passworld™ and Juniors' Club Med™ are ideal for teens and tweens. They propose everything, but impose nothing. A fun, free, expressive atmosphere is cultivated — yet kids are carefully supervised. And like the other children's clubs, a trained staff of internationally recruited professionals oversee junior activities, making sure everyone feels comfortable, safe and happy. Activities are divided by age categories, typically from 11-13 and 14-17.

### CLUB MED PASSWORLD™ JUNIORS' CLUB MED™ from 11 to 17 years

- Club Med Passworld™ offers kids an exclusive space to hang out, with games, activities, books and high-tech gear. Although most resorts with a Juniors' Club Med™ do not have dedicated facilities for kids, the activities are similar to Club Med Passworld™
- **Sports:** lessons for most land and water sports are open to these age groups
- **Creativity:** dance, theater, performing arts, singing, music, film-making, recording, etc.
- **Nightlife:** Movie nights, dance and beach parties, live shows, etc.

**IMPORTANT NOTES:** At many resorts, there is seasonality to these clubs, so check with the resort prior to departure. Also, like all children's clubs, kids are under the responsibility of G.O.'s only during scheduled activities, during designated hours; under no circumstances are G.O.'s considered permanent caretakers.
