

Find here all My Explorations package prices, clearly organised by destination, seasonality and passenger type (adults and children), with a comparison between **pre-departure** purchase and **onboard** purchase.

For each itinerary, prices may vary depending on the departure period and booking lead time.

For South America itineraries, the package is available exclusively for onboard purchase.

Choosing My Explorations means enriching the journey with selected experiences and, for **Costa Club** members, there is an additional advantage: **up to 25% discount** on additional Land Experiences purchased outside the package.

HIGH SEASON: June – August
